

hd-259 Home of the Brave—*correction*

Please use the Color Key below with the updated (correct) DMC numbers.

- the DMC colors listed on the back of the chart are correct. 4 of the numbers listed in the color key inside the 2 pages of the chart are incorrect (349 should be 3831, 413 should be 535, 760 should be 3712 & 803 should be 930). These numbers are close but not the exact color number used on the model.

The 2nd printing has been corrected. My apologies for the error.
